

HIGHER EDUCATION STRATEGIC FINANCIAL MANAGEMENT CONFERENCE 2019

Innovating for Financial Resilience

27 & 28 August 2019 (Tuesday & Wednesday)

Connexion Conference & Event Centre @ The Vertical, Bangsar South, Kuala Lumpur

Digital disruption is a catalyst for rapid transformation in all sectors, including the strategic higher education sector. Higher education institutions are urged to embrace technology to revamp their business, financial and operational functions and enhance efficiency, in tandem with the global digital paradigm shift, or risk becoming fossilised.

This Conference seeks to expose finance professionals in the higher education sector to new strategic thought, innovations in institutional management, and targeted technology adoption to transform the higher education sector and build financial resilience and sustainability.

WHO SHOULD ATTEND

Finance Personnel of Universities & Colleges, including:

- Chief Financial Officers
- Bursars
- Directors of Finance
- Management Accountants
- Financial Controllers
- Finance Managers
- Finance Faculty members
- Finance Officers

CONFERENCE OBJECTIVES

This Conference seeks to help you:

- Get updates on relevant reporting standards and related issues/differences
- Understand the issues and challenges surrounding the role of financial management
- Identify and discuss issues in securing and managing grants and/or funds for higher education
- Explore the uses and benefits of technology and digitalisation in higher education
- Understand the tax risks and how to reduce potential tax liabilities
- Find out how commercialisation can be a boon for higher education

CONFERENCE PROGRAMME

DAY 1 PROGRAMME

- 8.00 am REGISTRATION & WELCOME REFRESHMENTS
- 9.00 am **Welcome Address**
- 9.25 am **Presentation of Awards for Articles of Merit**
- 9.45 am **Redesigning the Higher Education System**
Higher education is a core sector that catalyses Malaysia's talent development towards achieving developed nation status. This session looks at the targeted reforms, mindset and cultural shifts needed to: bridge the private-public gap; strengthen industry-academia linkages, and keep abreast of fast changing technology—all in concert to strengthen the capacity and competency of Malaysia's precious talents for the digital economy.
SPEAKER:
DATO' PROF. IR. DR. MOHD. SALEH JAAFAR | Deputy Director General Of Higher Education (Academic And Development)
Department Of Higher Education, Ministry Of Education Malaysia
- 10.30 am MORNING REFRESHMENTS & NETWORKING
- 11.00 am **Competency Framework: CFOs and Finance Function**
In the evolving global business environment, companies are shaping the role of CFOs to align with their current needs. Today's CFOs are expected to assume more of a leadership and business partnership role in driving and supporting the business, whilst maintaining the stewardship role, particularly in financial management and compliance with regulatory requirements. Understand how these frameworks will guide them for the diverse roles that they play in today's dynamic business landscape, and prepare them for finance function and business transformation, much of which is digitally driven.
SPEAKER:
DATO' MERINA ABU TAHIR | Committee Member, PAIB, MIA
- 11.45 am **Data Analysis: The Evolving Role of Finance Management [Panel Session]**
Understand the evolving roles and expectations of finance personnel and managers in the higher education sector and pinpoint the new competencies and strategic business thinking needed to navigate chaotic new terrain. As technology gains momentum—particularly data analytics, finance executives in higher education institutions must be on top of voluminous data sets and trends to add valuable insights to project accounting and optimise resource allocation.
PANELLISTS:
KEVYN KHOO | Director, Finance, UNITAR International University
MIRKO DIERKS | CFO, Zuellig Pharma Sdn Bhd
DR ROHAYATI MOHD ISA | Bursar, Universiti Sains Malaysia
MODERATOR:
STEVEN CHONG | Chair, Digital Technology Implementation Committee, MIA
- 1.00 pm LUNCH & NETWORKING
- 2.15 pm **Dollars and Sense: Supporting Commercialisation Of Higher Education R&D**
Commercialisation of R&D output from higher education institutions is a major concern as it is a key driver of the national economy. The commercialisation journey is long and full of challenges and its success is dependent on the interplay of various diverse factors such as funding, entrepreneurial capabilities, technology and marketing. This session discusses the funding spectrum and other related support and services available in Malaysia to sustain the technology commercialisation pathway. It will also address the various issues, considerations and challenges encountered by those who are working to bring local technologies from the lab to the market.
SPEAKER:
DR WAN RAIHANA WAN AASIM | Vice President, CRDF/TAF/Halal Fund Department
Malaysian Technology Development Corporation
- 3.15 pm **Utilising Blockchain for the Future of Waqf Development**
Known for its traceability and transparency, the distributed ledger technology of blockchain is being touted as a possible solution to drive the development of Waqf assets and unlock their real values. This session examines how blockchain could help the Waqf segment attract new funds from tech-savvy Muslims by ensuring accountability and circumventing fraud, and asks how these assets could be deployed to support the financial needs and sustainability of higher education institutions.
SPEAKER:
DR MAZLAN AHMAD | Executive Chairman, FINTEERRA
- 4.15 pm AFTERNOON REFRESHMENTS & END OF DAY 1

DAY 2 PROGRAMME

- 8.00 am REGISTRATION & WELCOME REFRESHMENTS
- 9.00 am **Integrated Reporting <IR>: A Demonstration of "Integrated Thinking"**
Companies need to look beyond the current financial reporting model that's predominantly rooted in past financial performance to give stakeholders a clearer, more forward-looking perspective on the business. Find out how Integrated Reporting <IR> brings together material information about an organisation's strategy, governance, performance and prospects in a way that reflects the commercial, social and environmental context in which it operates.
SPEAKER:
AZIZAH MOHD GHANI | Senior Manager, Professional Practices & Technical, MIA
- 10.00 am **Best Practices and Updates on Financial Reporting Standards**
Reporting is a fundamental requirement in management accounting, yet applying the best standard in preparing financial reports is undoubtedly challenging. This session guides participants on determining and applying the appropriate and right standards by comparing the disclosures, updates and differences of MPSAS, MFRS and MPERS in financial reporting.
SPEAKER:
RASMIMI RAMLI | Deputy Executive Director, Professional Practices & Technical, MIA
- 11.00 am MORNING REFRESHMENTS & NETWORKING
- 11.30 am **Withholding Tax: Impact on Higher Education Sector**
Given the recent amendments on withholding tax provisions, it is important to understand the implications of non-compliance and adopt practical steps in managing compliance obligations. Identify the elements to watch out for in commercial contracts to address the withholding tax issues. Having a better understanding of these issues will help to minimise your organisation's tax risks and reduce potential tax liabilities.
SPEAKER:
THENESH KANNAI | Partner, TraTax
- 12.30 pm LUNCH & NETWORKING
- 2.00 pm **Strategic Financial Management for Strategic Decisions [Panel Session]**
As the higher education landscape becomes more complex, financial and reporting functions of institutes of higher education too have evolved to become more strategic instead of operational. In this panel session, leading directors and C-suite executives from academia and industry discuss the strategic skills and commercial acumen that senior management and boards must acquire to run higher education institutes like a business, thereby ensuring their financial sustainability.
PANELLISTS:
DATO' FARIS YAHAYA | Group CEO, ORANGE BEAM Berhad
DATIN SERI SUNITA RAJAKUMAR | Global Advisory Board Member, Nottingham University Business School
Representative from Public University
MODERATOR:
MOHD SIDKI HASAN | Financial Management Specialist
- 3.15 pm **Transforming Higher Education: Applying Commercialisation for a Competitive Educational Market [Panel Session]**
Universities nowadays are increasingly embracing enterprise, entrepreneurship and innovation and linking up with the private sector and industry to become more competitive and attractive. In fields such as artificial intelligence, computer science and data analytics, there are marked reductions in the time and barriers needed to move from a high-quality basic research discovery to its high-impact application and commercialisation. This strategy of swift commercialisation of research can be a boon for higher education institutes (HEIs) and their industry partners as HEIs reinvent themselves for the digital economy.
PANELLISTS:
PROFESSOR DR. CHRISTOPHE SCHINCKUS | Head, School of Finance & Economics, Taylor's University
RICHARD TENG | Deputy Chair, Education/Academic Committee, Malaysia-China Business Council
TAY KAY LUAN | Vice Chancellor, International University Malaya Wales
MODERATOR:
DATO' SRIGANES | Founder & Group CEO, SG Education Group
- 4.30 pm AFTERNOON REFRESHMENTS & END OF CONFERENCE

CONFERENCE SPEAKERS

AZIZAH MOHD GHANI

Azizah is Senior Manager from Professional Practices & Technical at MIA. She is responsible for the technical activities of MIA which includes integrated reporting, valuation and PAIB (Professional Accountants in Business). She spent 7 years with one of the big audit firms in Malaysia and another 10 years in other sectors including financial institutions, trading, airspace, education and consulting. Azizah is a chartered accountant of MIA and a fellow member of ACCA. She graduated from Universiti Tenaga Nasional (UNITEN), Malaysia.

PROFESSOR DR. CHRISTOPHE SCHINCKUS

Prof. Christophe Schinckus is professor of finance and Head of the School of Finance and Economics at Taylor's University in Malaysia. His research deals with physics applied to finance and FinTech. He has published over 100 papers in peer-reviewed journals and authored a book on Econophysics by the Oxford University Press. Prior to Taylor's, Prof. Schinckus taught at: University of Quebec at Montreal, Canada; London School of Economics and the University of Leicester in the UK; and RMIT Melbourne, Australia. After his degree in Engineering, Prof. Schinckus continued his studies with a PhD in Finance at the University of Paris-Pantheon Sorbonne, France and a second PhD in Philosophy of Science at the University of Cambridge, UK. He is currently involved in his third PhD in Mathematical Physics at the University of Hertfordshire, UK. In parallel to his academic activities, Prof. Schinckus also collaborates as a research consultant for private companies, including JPMorgan, Suez Gaz de France etc. and he recently worked with the African Development Bank.

DATO' FARIS YAHAYA

Dato' Faris is Group Chief Executive Officer at ORANGETEAM and has over 25 years' experience in audit, banking, financial advisory and consultancy services. He leads ORANGETEAM as the new 'architect' of the company, informed by his key learnings and past experiences in building ecosystems in the industry. Building on the foundation of company's highly-technical and specialised offerings, Faris and his team will lead the way with a BOLD blueprint to disrupt the industry and build the future. Faris holds a BSc. (Accounting & Financial Analysis) from the University of Warwick, United Kingdom and attended Bank Negara Malaysia's Global Leadership Development Programme at Drucker School of Management in Claremont Graduate University, Haas School of Business in University of California Berkeley and Marshall School of Business in University of Southern California. He is a member of the Malaysian Institute of Certified Public Accountants and the Malaysian Institute of Accountants.

DATO' SRI GANES

Dato' Sri Ganes is the Chief Executive of SG Education Group, Director of Penang state government's STEM initiative, and Director of Academic and Talents at Malaysia IoT Association. His awards include the IVETA President's Award, Most Influential Entrepreneur Award, and Bett UK Asia Awards 2017, Finalist. He has built five technical & vocational colleges providing job-specific training and alternative education options, rerouting those who do not set their paths on tertiary education. He provides services encompassing a broader spectrum of elements, which include preparation of the student, developing academic and technical skills, and providing solutions from enrollment to employment. Currently he is working to enhance Malaysia's workforce with skillsets that future-proof them, and to ensure the nation's technical workforce is armed with the right combination of skillsets that increase their relevance for a sustained tomorrow.

KEVYN KHOO KEAN WENG

Kevyn is Director of Finance at UNITAR International University, where he leads the finance and operations transformation of the group. His previous experience includes the setting up of private international schools in Malaysia and dealing with M&A activities. Prior to that, he was an accountant for a palm oil conglomerate and had been an auditor with Mazars Malaysia. A graduate of Multimedia University, Cyberjaya, Kevyn is a Chartered Global Management Accountant and a member of the Malaysian Institute of Accountants.

DR. MAZLAN AHMAD

Dr. Mazlan Ahmad is the Executive Chairman of Finterra. He has over 20 years of experience as an all-round leader in the banking industry and has held multiple roles within the Central Bank of Malaysia. His banking business experience covers strategic planning, branch operations, intelligence & enforcement and security management. A firm believer in education, corporate governance, financial inclusion and entrepreneurship, he has played a major role in developing the Malaysian financial system infrastructure and education system, which has helped make him one of the most respected Bankers of his generation. He is also an active advocate of Waqf (Endowment). He is often invited to speak at conferences, institutions and media on Waqf, its benefits, how it complements the UN Sustainable Goals and how Waqf coupled with technologies such as blockchain can help become enablers in the overall development and betterment of society. Dr. Mazlan holds both a DBA and MBA.

DATO' MERINA ABU TAHIR

Dato' Merina was appointed as a MIA Council member on 20 December 2016. She is also currently the Chair of ACCA Malaysia Advisory Committee, and is the Head Group Internal Audit of Malaysia Airlines. She has 30 years of working experience, locally and internationally in multinationals, financial institutions and audit practice. Her roles covered diverse senior level management responsibilities in general management, commercial, finance, business development, information technology, human resource and internal & external audit. She is a Chartered Accountant and a member of MIA. Dato' Merina is also an Executive Committee member of the International Association of Airline Internal Auditors, a member of ASEAN CPA, and a Professional member of the Institute of Internal Auditors Malaysia.

MIRKO DIERKS

Mirko is CFO for Malaysia and Brunei at Zuellig Pharma, Asia's leading healthcare distribution and service provider. At the same time he is leading the group's finance transformation initiative focussing on automation and digitalisation of business processes. Mirko spent over 8 years in Asia in CFO roles, based in Jakarta and Shanghai. Previously he worked as Senior Manager for EY's business consulting practice implementing and improving shared service organisations.

DATO' PROF. IR. DR. MOHD. SALEH JAAFAR

Dato' Prof. Ir. Dr. Mohd. Saleh Jaafar is currently the Deputy Director General of Higher Education (Academic and Development), Department of Higher Education, Ministry of Education Malaysia. He is also the Deputy Chair in the development of the Malaysia Education Blueprint 2015-2025 (Higher Education) and tasked to implement the initiatives outlined in the Blueprint specifically for the private higher education institutions. Over the years, Saleh has played many significant roles through the Ministry of Education/ Ministry of Higher Education, Ministry of Science and Technology and Ministry of Public Works. He is involved in the development of MyRA instruments, and leads the development of rating instruments and systems for the Ministry of Education including MyQuest, Polyrate, MySpekk and SETARA. He is a registered engineer under the Board of Engineers Malaysia. He is also the Fellow Academy of Sciences, Malaysia as well as the Member American Society of Civil Engineers.

MOHD SIDKI HASAN

Mohd Sidki is a financial management specialist with over 25 years' experience in financial management, human capital development and business strategy formulation. He was previously Director of a human capital development agency responsible for the development of Malaysia's National Human Resource Standard (NHRS), and Director of Finance of a subsidiary of Bank Negara Malaysia and Securities Commission which specialises in accreditation of training programmes in the financial services industry. He is a member of the Industry Advisory Panel for a foreign university. He is also a member professional organisations, including the Malaysian Institute of Accountants, Malaysian Institute of Human Resource Management, Malaysian Economic Association, and the Chartered Institute of Management Accountants. He holds a Master of Business Administration and attended the Harvard Business School Executive Education programme.

CONFERENCE SPEAKERS

RASMIMI RAMLI

Rasmimi is Deputy Executive Director, Professional Practices & Technical of MIA. She oversees the technical activities of the Institute on financial reporting, audit and assurance, public sector, taxation, Islamic finance and digital economy, including managing 5 technical committees. She provides technical support to the Institute on MFRS, MPERS and MPSAS. She sits on various MASB working groups and task forces, the Government Accounting Standards Advisory Committee, and provides technical assistance to the World Bank Group on IFRS transition projects. She was the technical advisor to the Malaysian member of International Public Sector Accounting Standards Board. Rasmimi is a member of MIA and a fellow member of ACCA.

RICHARD TENG

Richard is Deputy Chair of Education/Academic Committee at the Malaysia-China Business Council, where he advises and assists the Malaysia Special Envoy to China in facilitating bilateral ties between Malaysia and China in the area of education. He has been providing strategic development consultancy and advice for Universities/colleges in the UK and Asia keen to develop market presence in China and Asia. He is also involved in establishing leadership training and market penetration consultancy for businesses in China and Asia. He is a regular speaker at higher education conferences, and is an analyst and writer for The Edge Financial Daily in the areas of higher education, leadership training, entrepreneurship and automotive review. He is also the Regional Director for Asia Pacific at Wrexham Glyndwr University, UK. Richard holds a Bachelor's in Business Administration from the University of Wales.

DR. ROHAYATI MOHD ISA

Dr. Rohayati is the Bursar at Universiti Sains Malaysia and has extensive experience in public higher education institution financial management having served USM for 26 years. She is Chairperson of the Malaysian Public Universities Bursar's Council, providing consultancy to the Ministry of Education on financial management of universities and prepares policy papers and guidelines. She is also a consultant for the Public Universities on Endowment and Fundraising in Higher Education. She was a key player in implementing the USM Accounting and Financial System, and was appointed to lead the USM Enterprise Resource Planning project. An Associate Member of USM Graduate Business School, she lectures students in Master and Executive programmes. Dr. Rohayati holds a Bachelor of Accounting (Honors) from Universiti Kebangsaan Malaysia, a Master's in Information Technology from Universiti Sains Malaysia, and a PhD from University of Tasmania, Australia. She is also a Chartered Accountant of MIA.

STEVEN CHONG

Steven is an elected Council Member of the Malaysian Institute of Accountants (MIA), and is the founding Chairman of two initiatives at MIA, being the MIA Digital Economy Task Force and the MIA Young Professionals Committee. Steven works with key accounting and technology figures of the industry at the Digital Economy Task Force and develops various initiatives that drive awareness and innovation of technology amongst Accountants in Malaysia. The Task Force had recently launched the MIA Digital Technology Blueprint.

DATIN SERI SUNITA RAJAKUMAR

Datin Seri Sunita is a strong advocate of governance. She is Chairperson of Caring Pharmacy and Independent Director of Dutch Lady Milk Industries, MCIS Insurance and Zurich General Insurance. She recently founded the Malaysian Chapter of World Economic Forum's Climate Governance Initiative, is a member of the Nottingham University School of Business' Global Advisory Board and is a staunch supporter of gender diversity, being active in the Malaysian Chapter of the 30% Club. Her legal degree from the University of Bristol and professional qualification as a Chartered Accountant led to 9 years in investment banking, after which she managed the first government-owned foreign technology venture capital fund and advised on national innovation ecosystems. She is a staunch proponent of the importance of creativity and imagination in individuals to fulfil their potential.

TAY KAY LUAN

Tay Kay Luan is the Vice Chancellor of the International University Malaya Wales. He is responsible for the leadership and management of the institution, and is accountable to Board of Directors for growth and financial performance, academic reputation and administration excellence and compliance. He brings with him more than 30 years of leadership experience from his leadership roles at the Australia New Zealand Institute, Asian Institute of Chartered Bankers, ACCA, Hay Group and Accenture. He is a member of the Board of Trustees for Yayasan Astro Kasih. He has served in the past as the President for the Business Council for Sustainable Development. He is the author of the recently published book entitled Perspectives on Social and Business Sustainability and Applying Sustainability to be published during the final quarter of 2019. He is a regular speaker and writer on contemporary matters across social developments and education, talent development and corporate sustainability at public conferences and seminars across the Asia Pacific region. He is a Certified Training Professional in training strategy and delivery. He obtained his Masters of Science Industrial Relations from the London School of Economics and Political Science and Bachelors of Arts Honours Social Science from Kingston University London. He belongs to INSEAD alumni having completed the Advanced Business programme.

THENESH KANNA

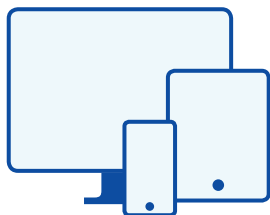

Thenesh is a partner at TraTax, a firm of independent tax advisers ranked within top 10 in Malaysia for transactional tax. He is a fellow member of ACCA (UK) and CTIM, a member of MIA and IFA (Netherlands), a licensed tax agent (Malaysia) and holds a diploma in International Taxation from Leiden University, Netherlands. He has authored three books on Malaysian taxation published by Wolters Kluwer (CCH), and a wide range of articles on contemporary tax matters for MIA's Accountants Today, CTIM's Tax Guardian, ACCA's AB magazine, and the Taxation Institute of Hong Kong's Asia-Pacific Journal of Taxation. He is also author of the Malaysian chapter of Holding Companies Database published by IBFD, Amsterdam. He has also been interviewed on contemporary tax matters by TV2, Bernama TV, the Traxx.fm (RTM4), Astro, New Straits Times, the Sun and Malaysia SME. Thenesh is a member of various committees that provide input to the Government on tax matters, including CTIM's Technical Committee on Direct Taxation I. In IFA's Regional Tax Conference 2017 held in New Delhi, Thenesh presented on a BEPS topic in a panel session with a senior representative of OECD and fellow international tax practitioners.

WAN RAIHANA WAN AASIM

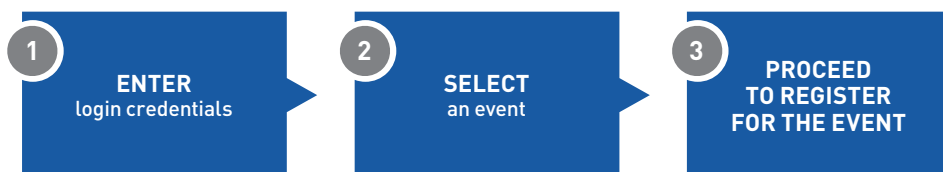

Wan Raihana Wan Aasim is a Vice President in the CRDF/TAF/Halal Fund department of Malaysian Technology Development Corporation (MTDC). At MTDC, her role is to assist local companies to bring new technologies to the market. During the four years that she has been at MTDC, she has worked closely with researchers, entrepreneurs and government officials and gained extensive experience in technology transfer and commercialisation. Prior to joining the corporate world, she was a researcher at the BRAINetwork Centre for Neurocognitive Science of Universiti Sains Malaysia. During her time there, she headed a research team that studied the role of brain steroids in memory and learning. She has 10 years experience in Analytical Chemistry and is a Subject Matter Expert in gas chromatography for the American Chemical Society. She is also a certified HRDF trainer, specialising in training related to neurocognition and emotional intelligence as well as a Certified Master Performance Coach. She holds a degree in Chemistry and PhD in Pharmacology from Universiti Sains Malaysia and has recently obtained an MBA in Technology Management from Open University UK. She is also the current Secretary for the Innovation and Technology Managers Association Malaysia.
