Even as the economy enters the recovery phase of the COVID-19 pandemic, businesses continue to face immense continuity and solvency challenges.

To help companies cushion the impact of COVID-19, it is imperative to enhance Malaysia's existing provisions on restructuring through the scheme of arrangement and the corporate rescue mechanisms. At the same time, any improvements must ensure the rights and responsibilities of debtors and creditors are adequately addressed.

The Companies Commission of Malaysia's Consultative Document on the Proposed Companies (Amendment) Bill 2020 proposes the introduction of salient measures to improve the effectiveness, resilience and transparency of the insolvency framework, within the COVID-19 landscape.

Join us for this virtual Insolvency Conference 2021 where we will discuss the future of restructuring and rescue reliefs to enable corporates to flatten and beat the insolvency curve, in pursuit of business sustainability. We highlight regional developments and what that means for the proposed amendments to our laws. We will also explore both court mechanisms and out-of-court solutions.
