 Limited to **50 PAX** only

Practical Auditing Methodology for SMPs

The audit profession continues to evolve to meet the emerging needs of stakeholders, requirements of regulatory bodies, advancement in technology, and creative ways in which businesses are conducted, amongst others. As a consequence, the International Standards of Auditing have also had their fair share of revisions, such that they remain relevant as a benchmark for auditors in ensuring audit quality.

Notwithstanding the changing landscape, one thing will always remain constant for an auditor, that is, his ultimate role in expressing an opinion on whether the financial statements show a “true and fair view” in all material aspects.

In connection with the above, this programme will prove to be an important avenue for Small-and Medium-sized Practitioners to gain a better understanding on the practical aspects of auditing Small and Medium Enterprises (SME), which meets the requirements of the International Standards of Auditing. You will also be exposed to the requirements of the Malaysian Private Entities Reporting Standard (MPERS).

OBJECTIVES

This programme aims to introduce the practical aspects of auditing in accordance with the MICPA Audit Guide for Practitioners (AGP) and Illustrative Audit Working Papers (IAWP).

METHODOLOGY

A highly interactive learning session with trainer/speaker-led facilitation, live Q&As, quick polls/surveys, self-assessment quizzes and participant's feedback on learning outcome achievement.

Participants may opt to register for either one day or a combination of two to three days (Days 1, 2 & 3, Days 1 & 2 or only Day 3) of the programme.

WHO SHOULD ATTEND

- Practitioners interested in understanding the new AGP and IAWP
- Audit Partners
- Experienced Auditors

FACILITATORS

Facilitators are subject matter experts.

Combining technical expertise with a pragmatic and interactive approach, the training programme will provide a platform to gain a deeper understanding of the AGP and IAWP which would be of suitable relevance.

Practical Auditing Methodology for SMPs

PROGRAMME OUTLINE

DAY 1
